

Young Environmental Leaders Wanted

During the Covid 19 crisis are you dreaming of a greener future?

As plans are released for our recovery do you find yourself wishing you had a seat at the table?

Are you an optimistic activist with creative ideas to influence policy for a **#GreenRecovery** in Northern Ireland?

Ulster Wildlife and the Our Bright Future programme are looking for young people to help campaign for:

- More time spent learning in and about nature.
- Support to get into environmental jobs.
- A strong voice for young people in society.

This opportunity includes Young Environmental Leader training sessions led by campaign experts.

If you are aged 16-24, this is your invite to join us in a **Zoom Information session on Tuesday 23 June at 7.30pm**

Please register your interest with dawn.patterson@ulsterwildlife.org or call 07816 065 923
